

PROBLEM

Discovery moved to creators; booking didn't. **£675B** of global leisure-travel bookings flow through OTAs that pay creators **£0** and own the customer. Creators send the intent — OTAs keep the margin and the data.

SOLUTION

Shoppable travel feed. Creator posts trip → traveller books in 2 taps → creator earns for life. Native checkout, unified inventory (stays · tours · experiences), persistent attribution.

UNIT ECONOMICS (V6 MODEL)

- 11% gross commission on every booking
- Stripe 2.9% + £0.20 shared off the top
- Net pool split 50/50/50/40/30 by tier
- Blended Y5 take-rate 4.65% net to Travidz
- Stays + tours/experiences only · no restaurants
